Clinical and Creative Training for Therapists

Nov 12, 2015: 10 am – 7 pm. Approved for 8 AASECT CEs

In this intensive training for a select and limited group of clinicians, we practice essentials of the Four-Dimensional Wheel approach outlined in Gina's book, *Expanding the Practice of Sex Therapy* and workbook, *Exploring Desire & Intimacy*. We explore the rationale for integrative practice, and also the scope, including the core dynamics of creating and holding therapeutic space, movement, ritual, and concretizing abstract concepts to engage clients in their own healing process. We work with both cognitive and intuitive ways to address sexual issues of all kinds.

Cost: \$300 before October 12; \$375 after; **Location:** Cambridge, MA.
